TO: THE HONORABLE ROBERT E. GERBER  
UNITED STATES BANKRUPTCY JUDGE:

Kramer Levin Naftalis & Frankel LLP (the “**Applicant**” or “**Kramer Levin**”), counsel to the Official Committee of Unsecured Creditors (the “**Committee**”) of the above captioned as debtors and debtors-in-possession in these chapter 11 cases (collectively, the “**Debtors**”), hereby submits its fourth interim application (the “**Application**”), pursuant to sections 330(a) and 331 of title 11 of the United States Code (the “**Bankruptcy Code**”) and Rule 2016 of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”), for the allowance of compensation for the professional services performed by the Applicant for and on behalf of the Committee for the period commencing June 1, 2010, through and including September 30, 2010 (the “**Fourth Interim Fee Period**”), and for reimbursement of its actual and necessary expenses incurred during the Fourth Interim Fee Period. In support of the Application, the Applicant respectfully represents as follows:

### **PRELIMINARY STATEMENT**

1. Throughout the Fourth Interim Fee Period the Applicant continued to play an integral role in the key activities critical to the outcome of these chapter 11 cases and has been fully devoted to representing the interests of the Committee and general unsecured creditors in all significant case matters.

2. The Applicant's work in these cases has been focused on preserving the New GM Stock and Warrants for distribution to unsecured creditors, analyzing significant claims and taking the necessary steps to ensure that distributions occur as soon as is practicable in these cases. To that end, the Applicant has been working with the Committee and the Debtors to construct a chapter 11 plan that is beneficial to unsecured creditors and protects the value of the New GM Stock and Warrants for the benefit of unsecured creditors. The Applicant has also focused on the reconciliation, litigation and settlement of certain significant claims against these

estates to minimize claims where appropriate. The Applicant also expended time working with the Debtors and representatives of the U.S. Department of Treasury in an effort to negotiate a wind-down budget that provides for the orderly administration of the estates after the confirmation of the chapter 11 plan.

3. The highlights of the Applicant's work during the Fourth Interim Fee Period are as follows:

- Reviewing, analyzing and assisting in the drafting of the Debtors' plan and disclosure statement;
- Researching and drafting the trust agreement for a liquidating trust for general unsecured claims and for an avoidance action trust;
- Reviewing, analyzing and conferring with the Debtors on environmental issues affecting the Debtors' properties and the attendant remediation costs;
- Exploring potential sources of recovery for the Committee, including the Bank Loan and Nova Scotia litigations, and preparing a motion to enforce the DIP to establish the Committee's ownership of the Bank Loan litigation;
- Preparing for potential future asbestos claims litigation, especially regarding estimation of asbestos claims, including filing a Rule 2004 discovery motion;
- Investigating various defenses to significant claims;
- Responding to hundreds of calls to the Committee's telephone hotline and emails submitted through the Committee's website from general unsecured creditors;
- Participating in Bankruptcy Court hearings on issues of importance to the administration of these cases; and
- Additional routine tasks typically required of Committee counsel, including, among other things, holding regular conferences with the Committee members regarding the status of these cases and the financial affairs of the Debtors and reviewing and analyzing various motions and applications.

**SUMMARY OF PROFESSIONAL COMPENSATION  
AND REIMBURSEMENT OF EXPENSES REQUESTED**

4. This Application has been prepared in accordance with the Amended Guidelines for Fees and Disbursements for Professionals in Southern District of New York

Bankruptcy Cases adopted by the Court on November 29, 2009 (the “**Local Guidelines**”), the United States Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330, adopted on January 30, 1996 (the “**UST Guidelines**”), the Order Pursuant to sections 105(a) and 331 of the Bankruptcy Code, Bankruptcy Rule 2016(a) and Local Bankruptcy Rule 2016-1, Establishing Procedures for Interim Monthly Compensation for Professionals [Docket No. 1334] (the “**Interim Compensation Order**”) and the First Status Report of the Fee Examiner [Docket No. 5002] (the “**Fee Examiner Status Report**”) and collectively with the Interim Compensation Order, the Local Guidelines and UST Guidelines, the “**Guidelines**”). Pursuant to the Local Guidelines, a certification of Robert T. Schmidt regarding compliance with same is attached hereto as **Exhibit “A.”**

5. The Applicant seeks interim allowance of fees for professional services rendered during the Fourth Interim Fee Period in the aggregate amount of \$1,910,485.75 (the “**Fourth Interim Fees**”) and reimbursement of expenses incurred in connection with rendition of those services in the aggregate amount of \$36,695.51 (the “**Fourth Interim Expenses**”).

6. During the Fourth Interim Fee Period the Applicant’s attorneys and paraprofessionals expended a total of 3,222.75 hours for which compensation is requested.

7. There is no agreement or understanding between the Applicant and any other person, other than members of the Applicant, for the sharing of compensation to be received for services rendered in these cases.

8. Except as otherwise set forth herein, the fees charged by the Applicant in these cases are billed in accordance with its existing billing rates and procedures set forth in the Application of the Committee to Employ Kramer Levin Naftalis & Frankel LLP [Docket No. 1744] in effect during the Fourth Interim Fee Period. The billing rates the Applicant charges for the services rendered by its professionals and paraprofessionals in these chapter 11 cases

(including increases thereof) are the same rates that the Applicant charges for professional and paraprofessional services rendered in comparable non-bankruptcy matters. Such fees are reasonable based on the customary compensation charged by comparably skilled practitioners in comparable non-bankruptcy cases in a competitive national legal market. In September, associates' hourly billing rate increased as a result of their advancement to the next associate class (i.e. from first year to second year associate).

9. Pursuant to the UST Guidelines, annexed hereto as **Exhibit "B"** is a schedule setting forth all professionals and paraprofessionals employed by the Applicant who have performed services in these chapter 11 cases during the Fourth Interim Fee Period, the capacities in which each such individual is employed by the Applicant, the department in which each individual practices, the year in which the individual was first licensed to practice law in the state of New York, the hourly billing rate charged by the Applicant for services performed by such individual and the aggregate number of hours expended and fees billed.

10. Annexed hereto as **Exhibit "C"** is a schedule specifying the categories of expenses for which the Applicant is seeking reimbursement, the total amount for each such expense category and a detailed listing of each of the expenses.

11. Pursuant to Section II.D of the UST Guidelines, annexed hereto as **Exhibit "D-1"** is a summary of the Applicant's time billed during the Fourth Interim Fee Period, broken down by project categories as hereinafter described.

12. The Applicant maintains computerized records of the time spent by all of the Applicant's attorneys and paraprofessionals in connection with the representation of the Committee. These detailed time records were submitted to the "Notice Parties" specified in the Interim Compensation Order as part of the Monthly Statements (defined below). Copies of the final detailed time records for the Fourth Interim Fee Period are annexed hereto as **Exhibit "D-2."**

13. On November 16, 2009, the Applicant filed its first interim fee application [Docket No. 4459] (the “**First Interim Fee Application**”)<sup>4</sup> for the allowance of compensation for professional services rendered and for reimbursement of actual and necessary expenses incurred from June 3, 2009 through September 30, 2009 seeking interim allowance of fees in the aggregate amount of \$4,539,910.50 and the interim allowance of the reimbursement for actual and necessary expenses in the amount of \$85,047.77. A hearing on the First Interim Fee Application was held on April 29, 2010.

14. On March 17, 2010, the Applicant filed its second interim fee application [Docket No. 5296] (the “**Second Interim Fee Application**”) for the allowance of compensation for professional services rendered and for reimbursement of actual and necessary expenses incurred from June 3, 2009 through September 30, 2009 seeking interim allowance of fees in the aggregate amount of \$1,149,758.75 and the interim allowance of the reimbursement for actual and necessary expenses in the amount of \$31,383.31. On May 18, 2010, the Applicant filed a supplement to its Second Interim Fee Application [Docket No. 5790] (the “**Second Interim Supplement**”) amending the compensation sought for an allowance of \$1,148,977.75 in fees and \$31,103.29 in expenses. A hearing on the Second Interim Fee Application was held on June 29, 2010.

15. On August 5, 2010, the Applicant filed its third interim fee application [Docket No. 6538] (the “**Third Interim Fee Application**”) for the allowance of compensation for professional services rendered and for reimbursement of actual and necessary expenses incurred from February 1, 2010 through May 31, 2010 seeking interim allowance of fees in the aggregate amount of \$644,939.25 and the interim allowance of the reimbursement for actual and

<sup>4</sup> Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in prior Applications.

necessary expenses in the amount of \$7,592.26. A hearing on the Third Interim Fee Application was held on October 26, 2010.

16. Since the commencement of these cases, the Applicant has provided the appropriate notice parties with a monthly fee statement for each month for which compensation was sought. During the Fourth Interim Fee Period, the Applicant provided the appropriate notice parties with the following monthly fee statements:

- For June 1, 2010 through June 30, 2010, fees of \$360,315.00 and expenses of \$3,625.10 (“**June Statement**”);
- For July 1, 2010 through July 31, 2010, fees of \$409,960.00 and expenses of \$6,241.04 (“**July Statement**”);
- For August 1, 2010 through August 31, 2010, fees of \$606,711.50 and expenses of \$12,122.63 (“**August Statement**”); and
- For September 1, 2010 through September 30, 2010, fees of \$534,277.75 and expenses of \$16,498.74 (“**September Statement**” and together with the June Statement, the July Statement and the August Statement, collectively, “**Monthly Statements**”).

17. In total, the Applicant has submitted Monthly Statements during the Fourth Interim Fee Period for fees of \$1,911,264.25 and expenses of \$38,487.51. As of the date of this Application, no notice party has objected to the Applicant’s Monthly Statements for the Fourth Interim Fee Period.

18. Prior to the service of each Monthly Statement, the Applicant conducted an internal review of fees and expenses incurred during that month. As a result of such review, the Applicant determined to write off \$9,325.50 in fees and \$4,712.24 in expenses (the Monthly Statements reflected the reduced amount after write offs). In addition, in accordance with the Court’s July 6, 2010 ruling and the Guidelines, the Applicant billed the preparation of monthly fee statements and non-working travel at fifty percent, resulting in a total reduction of \$28,708.25. Prior to the filing of this Application, the Applicant also conducted a further review

and determined to write off an additional \$2,570.50 in fees. The time detail attached to this Application does not include any time that has been written-off. Accordingly, the Applicant hereby seeks allowance of fees incurred for the Fourth Interim Fee Period in the amount of \$1,910,485.75, and the reimbursement of actual and necessary expenses incurred for the Fourth Interim Fee Period in the amount of \$36,695.51.

19. In accordance with the Interim Compensation Order, the Applicant sought payment for 80% of its fees and 100% of its expenses incurred, pursuant to each Monthly Statement filed with the Court. With respect to the June Statement, the Applicant received a payment of \$291,877.10, representing 80% of fees (\$288,252.00) and 100% of expenses (\$3,625.10) requested. With respect to the July Statement, the Applicant received a payment of \$334,209.04, representing 80% of fees (\$327,968.00) and 100% of expenses (\$6,241.04). With respect to the August Statement and the September Statement, the Applicant has not yet received any payments.<sup>5</sup>

20. The Applicant respectfully requests that the Court enter an order approving the payments received pursuant to the Monthly Statements and directing the Debtors to pay the Applicant \$382,097.15, representing 20% of the Fourth Interim Fees (reflecting the deduction of the additional write-offs).

21. To the extent that time or disbursement charges for services rendered or disbursements incurred relate to the Fourth Interim Fee Period, but were not processed prior to the preparation of this Application, the Applicant reserves the right to request compensation for such services and reimbursement of such expenses in a future application.

---

<sup>5</sup> At the time of filing of this Fee Application, Kramer Levin had not yet received payment of the professional services rendered and expenses incurred between August 1, 2010 and September 30, 2010 (80% of the August fees in the amount of \$485,369.20 and 100% of the August expenses in the amount of \$12,122.63 and 80% of the September fees in the amount of \$427,422.20 and 100% of the September expenses in the amount of \$16,498.74). Kramer Levin anticipates receiving payment in respect of its August and September fees and expenses by the hearing date on this Fee Application.

### **BACKGROUND**

22. On June 1, 2009 (the “**Petition Date**”), the Debtors filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code.<sup>6</sup> The Debtors continue to operate their business as debtors-in-possession pursuant to sections 1107 and 1108 of the Bankruptcy Code. 23. On June 3, 2009 (the “**Formation Date**”), the United States Trustee for the Southern District of New York (the “**United States Trustee**”) appointed the Committee consisting of fifteen members. By the order of this Court dated July 1, 2009 [Docket No. 2854] (the “**Retention Order**”), the Applicant’s retention was approved *nunc pro tunc* to June 3, 2009, pursuant to section 1103 of the Bankruptcy Code.

---

<sup>6</sup> On October 9, 2009, two additional Debtor affiliates filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code.

<sup>7</sup> As a result of the consummation of the Sale Transaction, five Committee members – Pension Benefit Guaranty Corporation, Interpublic Group, Paddock Chevrolet, Saturn of Hempstead, Inc. and DENSO International America, Inc. – have resigned from the Committee. As a result of being appointed to the asbestos committee, Mark Butita resigned from the Committee.

**SUMMARY OF LEGAL SERVICES RENDERED**

25. During the Fourth Interim Fee Period the Applicant's efforts were largely focused on coordinating with the Debtors and the other interested parties on key issues concerning the orderly wind down of the Debtors' estates. The legal services rendered by the Applicant during the Fourth Interim Fee Period are summarized below. The following summary is not a detailed description of the work performed, as the day-to-day services and the time expended in performing such services are fully set forth in the detailed time records. Rather, in compliance with the UST Guidelines, the following summary highlights certain areas in which services were rendered by the Applicant to and for the benefit of the Committee, and identifies some of the issues to which the Applicant devoted significant time and effort during the Fourth Interim Fee Period.

26. The summary is divided according to the project billing codes that the Applicant created to best reflect the categories of tasks that it was required to perform in connection with these chapter 11 cases. Nevertheless, under the circumstances, and given the interconnectedness of all the issues in these chapter 11 cases, certain of these categories may overlap with each other.

27. The Applicant respectfully submits that its services throughout the Fourth Interim Fee Period warrant this Court's approval of its requested fees and expenses, including the payment of any "hold-back" of the Fourth Interim Fees (as ultimately ordered by the Court at a hearing on the Fourth Interim Fee Application).

**A. Case Administration**

**Billing Code: 00001**

**(Fees: \$30,269.00/ Hours Billed: 57.10)**

28. During the Fourth Interim Fee Period, the Applicant continued to keep abreast of the information, schedules, motions and other pleadings filed in the Debtors' bankruptcy cases. The Applicant devoted time to the administrative tasks necessary for the

efficient day-to-day management of these cases, including, but not limited to: internal organizational meetings; monitoring calendars of critical dates; routine communications and correspondence; monitoring the case docket on a daily basis; maintaining a work-in-progress list; continuously updating files in connection with the Debtors' bankruptcy cases; and maintaining contact sheets and e-mail macros for Committee members.

29. In performing the above tasks, to conserve costs, the Applicant utilized paraprofessionals whenever possible to perform administrative non-legal tasks. Such paraprofessional fees were incurred directly in connection with the administration of the case and were necessary and appropriate to deal with the volume of documents involved in these cases.

**B. General Adversary Proceedings**

**Billing Code: 00002**

**(Fees: \$43,451.00/ Hours Billed: 60.80)**

30. During the Fourth Interim Fee Period, the Committee continued its adversary proceeding (the "**Term Loan Litigation**") against the Prepetition Term Loan Lenders investigating the perfection of certain liens. This lawsuit is potentially a valuable asset that the Committee contends, pursuant to the terms of the Final DIP Order, belongs to unsecured creditors.<sup>8</sup> The Applicant continues to work with Committee co-counsel, Butzel Long, to analyze and monitor this adversary proceeding and to be available to answer any inquiries of Committee members. In addition, the Applicant further analyzed the issues raised in the Term Loan Litigation in order to fully inform the Committee regarding, among other things, the motion to adjudicate the unsecured creditors' ownership of proceeds of the Term Loan Litigation.

---

<sup>8</sup> As will be discussed in further detail later in the Application, the Applicant, on behalf of the Committee, filed a Motion to Enforce the DIP, which sought to have the Court rule on the Committee's ownership of the proceeds of the Term Loan Litigation.

**C. Automatic Stay Matters/Relief**

**Billing Code: 00003**

**(Fees: \$661.50/ Hours Billed: 1.60)**

The Debtors maintain various primary and excess insurance policies providing general liability coverage. The Committee has worked with the Debtors to review the insurance policies and analyze whether such policies have value. The Applicant has discussed the issues at length with the Committee and representatives of the Asbestos Committee. In addition, on September 21, 2010 the Applicant met with Kevin Scroggin – the former risk manager of Old GM – the Asbestos Committee and the Future Claimants Representative to discuss all issues related to potential excess insurance recoveries.

**E. Meetings With Debtors/Other Major Constituents**

**Billing Code: 00005**

**(Fees: \$17,111.50/ Hours Billed: 22.70)**

33. During the Fourth Interim Fee Period, the Applicant was actively involved in negotiating and consulting with the Debtors and other key constituencies on wind down operations, including the wind down budget, assessing environmental concerns and various claims-related issues, Alix's restructured fees, developing the details of a plan of liquidation and asbestos discovery. These negotiations required the Applicant's participation on several conference calls and in-person meetings with key constituencies. In particular, the Committee's

professionals met with the Debtors' professionals on August 5, 2010 to discuss plan-related issues. In addition, on August 18, 2010 and September 30, 2010, the Applicant participated in conference calls with Treasury. During these calls, the parties spent time discussing the post-effective date budget and ownership of the Term Loan Litigation. To adequately prepare for these meetings, and the Debtors' cases generally, the Applicant spent time coordinating and preparing for such meetings with the Committee and the Committee's and Debtors' professionals.

sale of its Fremont, California plant to Tesla and, the related Tesla initial public offering. The Applicant worked closely with the Debtors and their professionals regarding the NUMMI matters.

37. The Applicant has worked closely with its financial advisors, FTI Consulting, Inc., and the Debtors to monitor the claims reconciliation process. During the Second and Third Interim Fee Periods, the Applicant conducted analysis, drafted pleadings and worked with conflicts counsel regarding various issues in the Nova Scotia litigation. During the Fourth Interim Fee Period, the Applicant spent time reviewing Nova Scotia bond issues and an objection and discovery request regarding the Nova Scotia Trustee and other noteholders.

38. During the Second and Third Interim Fee Periods, the Applicant also worked on issues related to the Deutsche Bank Setoff Motion. During the Fourth Interim Fee Period, the Applicant reviewed and analyzed the proposed settlement between the Debtors and New GM regarding the Deutsche Bank setoff, certain Bedford properties and the sale of GM Strasbourg. 41. The Applicant maintained its website with Epiq Bankruptcy Solutions at [www.motorsliquidationcreditorscommittee.com](http://www.motorsliquidationcreditorscommittee.com) (the "**Committee Website**"), which was created to ease the administrative burden of communicating with thousands of creditors. The Applicant spent time updating the Committee Website, which contained general case information, frequently asked questions and answers, a chapter 11 overview, an overview of the plan and disclosure statement, information on buying and selling claims, the contact information for the primary parties in the Debtors' bankruptcy cases, and access to key court documents in the Debtors' bankruptcy cases. At such meetings, the Applicant and FTI updated the Committee members on important events in the Debtors' bankruptcy cases and answered Committee members' questions and concerns.

43. Prior to each Committee meeting, the Applicant drafted agendas of the

matters to be discussed and prepared materials to be reviewed in connection with each meeting. The Applicant took the minutes of each meeting, which were then subsequently sent to and approved by the Committee. When appropriate, in lieu of in-person or telephonic meetings, the Applicant corresponded with Committee members electronically.

**K. Environmental Issues**

**Billing Code: 00015**

**(Fees: \$40,487.50/ Hours Billed: 76.70)**

44. As previously discussed in the prior Fee Applications, the identification, analysis and appropriate resolution of the material environmental claims against the Debtors' remaining properties constitutes a major aspect of these cases and a potential hurdle to confirmation of a chapter 11 plan. During the Fourth Interim Fee Period, the Applicant devoted a significant amount of time to reviewing the environmental liabilities associated with the Debtors' various manufacturing sites not assigned to New GM pursuant to the Sale Transaction.

45. Together with FTI, the Applicant organized and participated in various conference calls with the Debtors and their environmental consultants in order to understand the costs of environmental remediation on a site-by-site basis. The Applicant also spent a significant amount of time resolving disputes relating to these various matters prior to certain of the hearings to ensure that relief could be obtained for the benefit of the Debtors' estates in a consensual and efficient manner. In addition to the Applicant's participation at the various hearings, the Applicant devoted time to reviewing hearing agendas and preparing hearing binders and other documents required for each hearing conducted before the Court.

**Billing Code: 00019**

**(Fees: \$110,68.00/ Hours Billed: 251.60)**

49. During the Fourth Interim Fee Period, the Applicant drafted and filed the Third Interim Fee Application. In addition, the Applicant prepared estimated monthly budgets for the Fee Examiner.

50. The Applicant also was required to spend significant time responding to the Fee Examiner's various requests for additional information and ultimate objection to the Applicant's Second Interim Fee Application. In its initial letter, the Fee Examiner questioned a variety of matters with the Second Interim Fee Application, including billing rates, clerical tasks, block billing and vague entries, time spent on billing matters and the propriety of certain expenses. The Applicant engaged in discussions with the Fee Examiner, including providing a substantial letter response to the Fee Examiner (with detailed exhibits) followed by several email and telephonic conversations to clarify additional issues. As a result of these discussions, the Applicant and the Fee Examiner were able to narrow the contested issues. After the Fee Examiner filed the Report and Limited Objection, the Applicant drafted and filed a detailed response with the Court. The Applicant also prepared for and participated at the June 29, 2010 hearing on the Second Interim Fee Application.

Trustee Guidelines and this Court's rulings for the First and Second Interim Fee Applications. In addition, in order to provide a clear comprehensive picture of the Applicant's work on a specific issue, the Applicant also reviewed the time entries with a goal of billing tasks relating to that specific issue to the same matter. The Applicant maintains that it is necessary to have multi-level review of these Monthly Statements to ensure compliance with the Guidelines and to ensure that no privileged or confidential information is inadvertently disclosed.

52. In accordance with the Court's July 6, 2010 ruling on the Second Interim Fee Applications, the Applicant is billing time spent in connection with this review at 50% (and the billed time reflects this reduction). The Applicant notes that Kramer Levin does not charge for time spent by professionals recording their time on a daily basis or entering edits to the time entries.

Following requested disclosures at the hearing on AlixPartners' engagement, the Applicant drafted declarations for Thomas Moers Mayer and Amy Caton regarding the negotiation and final resolution of the terms of AlixPartners' engagement.

**T. Plan and Disclosure Statement**

**Billing Code: 00027**

**(Fees: \$374,628.00/ Hours Billed: 600.60)**

57. The Applicant spent a considerable amount of time working with the Debtors' professionals in formulating and drafting the Debtors' plan of liquidation and disclosure statement, which were filed on August 31, 2010. among other things, the distribution of New GM securities, the tradability of such securities and issues of concern to smaller claims holders. In addition, as described in other sections of the Application, the Applicant analyzed the tax, asbestos and environmental implications of the Debtors' plan and disclosure statement. In connection with the plan and disclosure statement, the Applicant reviewed the Debtors' solicitation procedures and exclusivity motions.

58. During the Fourth Interim Fee Period, the Applicant spent a substantial amount of time continuing to research and draft the general unsecured creditors trust (the "**GUC Trust**") agreement (a form of which will be an exhibit to the plan). The GUC Trust agreement is a significant plan document which will govern the manner in which plan distributions are held and managed and the way the cases are administered after plan confirmation. In connection with drafting the GUC Trust agreement, the Applicant researched applicable corporate, securities, tax and bankruptcy laws that could impact implementation of the plan and the administration of the Debtors' estates. The Applicant also reviewed, analyzed issues and drafted portions of a no-action letter seeking clarification from the SEC staff regarding certain corporate and securities issues related to the GUC Trust. In addition, the Applicant researched and began drafting the Avoidance Action Trust agreement that will hold and manage distributions related to the proceeds of the Term Loan Litigation. In connection with the GUC Trust and the Avoidance Action Trust, the Applicant reviewed and discussed with various parties the proposed post-effective date budget and trust governance.

**V. Motions**

**Billing Code: 00032**

**(Fees: \$200,816.00/ Hours Billed: 325.70)**

60. During the Fourth Interim Fee Period the Applicant, in consultation with the Committee's financial advisor, reviewed, analyzed, summarized and provided recommendations to the Committee with respect to the legal and financial aspects of various motions filed by the Debtors and other parties-in-interest in these cases. The Applicant, when directed to do so by the Committee, prepared formal and informal responses or negotiated a resolution on behalf of the Committee. In each case, every effort was made to resolve disputes efficiently and consensually. As a result, the Committee participated in relatively few contested proceedings in these cases.

61. In addition to the specific motions discussed in other sections of this Application, during the Fourth Interim Fee Period, the Applicant focused on the following types of motions: motions to modify the automatic stay, omnibus claims objections, the NUMMI claim objection and a motion by New GM to enforce the 363 sale order.

62. During the Fourth Interim Period, the Applicant also expended a significant amount of time preparing and drafting a Motion to Enforce the DIP that sought to have the Court declare that the Committee was the rightful owner of the proceeds of the Term Loan Litigation. In connection with this motion, the Applicant reviewed and analyzed the DIP Order and various documents related to the DIP loan. In addition, the Applicant researched and analyzed various issues for the motion, including Uniform Commercial Code and non-recourse issues. The Motion to Enforce the DIP was filed on October 4, 2010.

**W. Tort/Asbestos Issues**

**Billing Code: 00035**

**(Fees: \$522,094.50/ Hours Billed: 861.70)**

63. During the Fourth Interim Fee Period, the Applicant spent a substantial amount of time analyzing the status of asbestos claims and liabilities in the Debtors' cases. In that regard, the Applicant researched asbestos estimation issues and prepared for the possibility of future litigation regarding asbestos claims.

64. The Applicant spent a significant amount of time preparing and filing a Rule 2004 Motion and Reply and seeking discovery from various asbestos trusts and claims processing facilities in order to more accurately analyze the asbestos claims data in preparation for estimating asbestos claims and negotiating with the Asbestos Committee, the Debtors and the Futures Representative. The Applicant reviewed and analyzed objections to the Rule 2004 motion, as well as various issues relating to discovery, confidentiality, asbestos trusts, case management orders, state law issues, and estimation.

65. After receiving a successful ruling on the Rule 2004 Motion, the Applicant negotiated and worked extensively with the Asbestos Committee in formulating an anonymity protocol that would allow the Committee to receive the necessary asbestos claims-related information, while maintaining adequate confidentiality regarding the individual asbestos claimant's information. The Applicant also spent a substantial amount of time negotiating the confidentiality agreement and related protective order. In addition, the Applicant also prepared a detailed memo on the asbestos issues in this case, which it circulated to the Committee.

**Z. Research Services**

**(Fees: \$1,792.00/ Hours Billed: 12.80)**

68. Throughout the Fourth Interim Fee Period, where appropriate and cost-efficient, the Applicant's library professionals assisted with various research projects. While the Applicant traditionally bills these research services as an expense, consistent with the Fee Examiner's request in connection with the Second Interim Fee Application, the Applicant has agreed to bill research services as part of the requested fees.

**STATEMENT OF KRAMER LEVIN**

69. The foregoing professional services performed by the Applicant were appropriate and necessary. They were in the best interests of creditors, the Debtors and other parties-in-interest. Compensation for the foregoing services as requested is commensurate with the complexity, importance and nature of the problems, issues and tasks involved. The professional services were performed in an appropriately expeditious and efficient manner.

70. The professional services performed by the Applicant on behalf of the Committee during the Fourth Interim Fee Period required an aggregate expenditure of 3,222.75 recorded hours by the Applicant's members, counsel, associates and paraprofessionals. Of the aggregate time expended, 1,091.10 recorded hours were expended by partners and counsel of the Applicant, 1,867.10 recorded hours were expended by associates, and 264.55 recorded hours were expended by paraprofessionals of the Applicant.

71. During the Fourth Interim Fee Period, the Applicant's hourly billing rates for attorneys ranged from \$390 to \$950 per hour. Non-working travel and preparation of Monthly Statements time was billed at 50%. Allowance of compensation in the amount requested would result in a blended hourly billing rate for attorneys of approximately \$622.75 per hour (based upon 2,958.20 recorded hours for attorneys at the Applicant's regular billing rates in effect at the time of the performance of services), and a total blended hourly billing rate for the Applicant's members, counsel, associates, and paraprofessionals of \$592.81. Such fees are reasonable based on the customary compensation charged by comparably skilled practitioners in comparable bankruptcy cases in a competitive national legal market. As noted, attached hereto in Exhibit "B" is a schedule listing each professional and paraprofessional who performed services in these cases during the Fourth Interim Fee Period, the hourly rate charged by the Applicant for services performed by each individual and the aggregate number of hours and charges by each individual.

**ACTUAL AND NECESSARY DISBURSEMENTS OF KRAMER LEVIN**

72. As set forth in Exhibit "C" hereto, the Applicant has disbursed \$36,695.51 as expenses incurred in providing professional services during the Fourth Interim Fee Period. Pursuant to the Applicant's policies (which we believe are comparable to those of other New York City law firms), the Applicant has (and will continue) to pay certain expenses of professionals who work past 8:00 p.m. and on weekends and holidays in the service of its clients. For example, the Applicant seeks reimbursement for up to \$20 in meal charges for late-working professionals in accordance with the UST Guidelines and the Fee Examiner Status Report.<sup>11</sup> The Applicant's regular practice is not to include components for those charges in overhead when establishing billing rates and to charge its clients for these and all other out-of-pocket

---

<sup>11</sup> To the extent the cost of the meal was over \$20, the Applicant has limited its request for reimbursement to \$20; where the charge is less than \$20, the Applicant seeks reimbursement of the actual charge.

disbursements incurred during the regular course of the rendition of services. These expenses are routinely billed to and paid by the Applicant's clients, who recognize the efficiency of having a few professionals working long hours, with increased disbursements, as opposed to larger and less efficient teams.

73. However, the Applicant has adopted more stringent guidelines and procedures for the Debtors' bankruptcy cases. For example, the Applicant determined that its average car service expense is approximately \$75 per trip and determined that it will not seek reimbursement of car service charges for late-working professionals to the extent that such charges exceed the \$75 average – that is, where the charge is less than \$75, the Applicant seeks reimbursement of the actual charge, and where the charge exceeds \$75, the Applicant limits its request for reimbursement to \$75.

74. In addition, following this Court's ruling in connection with the Second Interim Fee Application, the Applicant is only seeking reimbursement for late-night meals and transportation expenses where the professional worked at least six hours on this case during that particular day/evening.

75. With respect to photocopying expenses, the Applicant charged \$0.10 per page. The Applicant does not charge for facsimile transmissions, other than the cost of long distance facsimiles at applicable toll charge rates, which invariably are less than \$1.25 per page as permitted by the Guidelines. Each of these categories of expenses does not exceed the maximum rate set by the Guidelines. These charges are intended to cover the Applicant's direct operating costs, which costs are not incorporated into the Applicant's hourly billing rates. Only clients who actually use services of the types set forth in Exhibit "C" are separately charged for such services. The effect of including such expenses as part of the hourly billing rates would impose that cost upon clients who do not require extensive photocopying and other facilities and services. The amount of the standard photocopying charge is intended to allow the Applicant to

cover the related expenses of its photocopying service. A determination of the actual expenses per page for photocopying, however, is dependent on both the volume of copies and the total expenses attributable to photocopying on an annual basis.

76. In addition, due to the location of Committee members, long-distance telephone calls were required. On several occasions, overnight delivery of documents and other materials or in-person meetings were required. These disbursements are not included in the Applicant's overhead for the purpose of setting billing rates.

77. The Applicant has made every effort to minimize its disbursements in these cases. The actual expenses incurred while providing professional services were absolutely necessary, reasonable, and justified under the circumstances to serve the needs of the Committee.

**THE REQUESTED COMPENSATION SHOULD BE ALLOWED**

78. Section 331 of the Bankruptcy Code provides for interim compensation of professionals and incorporates the substantive standards of section 330 to govern the Court's award of such compensation. 11 U.S.C. § 331. Section 330 provides that a court may award a professional employed under section 328 of the Bankruptcy Code "reasonable compensation for actual necessary services rendered . . . and reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1). Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded . . . , the court should consider the nature, the extent, and the value of such services, taking into account all relevant factors, including –

- (A) the time spent on such services;
- (B) the rates charged for such services;
- (C) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;

(D) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;

(E) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and

(F) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3).

79.
